

BMS Recording Network News

Date: May 2015

<p>To: BMS Recording Network Contacts cc: BMS Field Mycology & Conservation Committee members From: David Harries, BMS Recording Network Coordinator</p>

Please circulate the contents of this note within your respective groups

1. "Lost and Found" April update

I attach the latest update from the L&F project.

2. BMS group affiliation

BMS group leaders should have received their annual affiliation form from the BMS office. The paperwork includes a summary of the benefits available to affiliated groups and a FAQ summary regarding the free insurance cover.

If you haven't received your info pack, please contact Norman in the BMS office (norman@britmycolsoc.info). If you have any other queries please feel free to contact me.

3. Fungus forum

Users of the now defunct "Wild about Britain" forum may be interested to know that some former WAB users have established a completely new forum which can be found at:

www.ukfungi.org.uk

4. Rust Fungus Red List and census catalogue for Wales

Ray Woods and colleagues launched a "Rust Fungus Red List and census catalogue for Wales" at a recent meeting of fungus enthusiasts at the National Botanic Garden of Wales. The document will be periodically updated with the current version available for download on Gareth Griffiths' waxcap website:

www.aber.ac.uk/waxcap/links/index.shtml

Woods, R.G., R.N. Stringer, D.A. Evans and A.O. Chater (2015). Rust Fungus Red List and census catalogue for Wales.
