

**British Mycological  
Society** promoting fungal science

## BMS Small Grants Scheme

Funds are available for BMS members in the form of a Small Grants Scheme to promote mycology in a wide variety of ways. The maximum amount available for any one undertaking is **£500**. The funds can be used in a variety of ways, for example:

- to travel to meetings
- for fieldwork or research projects
- to buy books or scientific equipment
- to hire meeting rooms

Members can apply either as individuals or as a group (for example an affiliated local group). These Grants should NOT be used to support travel and/or accommodation at BMS-organised scientific or field meetings. Awards will not be made to supplement existing postgraduate awards or replace institutional funding for undergraduate or postgraduate research.

Support for attendance at meetings will be considered only if:

- the applicant is presenting a paper or poster
- the application is submitted normally at least **three months prior** to the meeting
- **Special consideration will be given where other supporting funds have actively been sought, with evidence of this provided.**

**Normally only one person from any one research group will be supported to attend the same meeting.** Retrospective awards will not be made. Completed, application forms and enclosures should be returned preferably by email to [admin@britmycolsoc.info](mailto:admin@britmycolsoc.info) with "Small grant application" in the subject line.
